Lab dashboard

Lab dashboard

The screenshot shows the NRCP Laboratory Dashboard. The browser's address bar is highlighted with a red box and labeled "Check Dashboard Login URL". The dashboard has a left sidebar with "Rabies Dashboard", "Laboratory Dashboard" (selected), and "NHM Dashboard". The main content area has a header "Dashboard for Laboratory Dashboard" and a breadcrumb "Home / Laboratory Dashboard". Below the header is a "Print" button. The main content area contains a form with three dropdowns: "Institute Name", "Month", and "From Year". The "Institute Name" dropdown is open, showing a list of institutes. A red box highlights the first option, "National Institute of Medical Health and Neuro Science (west bengal)", and an arrow points to it with the label "Put Ins. Name (City, State name) with first letter Caps". Below the form are four summary cards: "Number of Patients" (80), "Numbers of Sample Received" (62), "Total numbers of Positives" (46), and "No. Entered into IHIP" (16).
